# Agenda

# The Bottom Line

Acquiring 1 new customer costs the same as retaining 5 existing customers

# So Let's Catch Them Before They Jump

# Business Understanding

# Leading Causes of Customer Churn in Telecom

Why Customers Leave?  
Customer View

# Predictive Modeling → Action

The 3Rs:

- 1.) Reduction in marketing costs
- 2.) Retention insights
- 3.) Relationship-building strategies

# Predictive Modeling → Money
